PRICING GUIDE

CLIENT TESTIMONIAL

"Michelle was absolutely amazing to work with. She was friendly and fun and made us feel completely comfortable posing for photos... a talent for scoping out unique areas for pictures at our reception that I never would have thought of. We love how both our engagement and wedding photos turned out and will definitely use her in the future."

Alyssa + Thomas

hello there!

Hello there! My name is Michelle Hall and my philosophy behind photography is to "be real". I want to have a real connection with my couples, capture real moments and create real memories. A wedding day goes by so quickly and I want to make sure that in all the hustle and bustle, you find time to have fun with your loved ones.

We will probably be a perfect fit for each other if you love to laugh, are slightly OCD and if the main goal of your big day is to marry the love of your life.

When I get asked "what should people know about you?" I like to keep the answer simple: I'm a photographer in love with every aspect of weddings, I always have music playing and lipstick is my must have accessory.

You can find me most days with my high school sweetheart and now husband and my daughter who has been playing pretend photographer since she was two.

I can't wait to meet you and be a part of your big day!

what to expect from your engagement session

Engagement sessions are one of the most important parts of the wedding photography process. Not only does it give us time to get to know one another, but it also gives me a chance to gauge how comfortable you are in front of the camera, how much direction you need and when you just need some time to yourself.

Clients have asked me in the past if I would lower my collection pricing if they removed the engagement session and the answer is always- no! I want you to have wedding photos that perfectly reflect you and your wedding day. It is my job as your photographer to not only set up the perfect shot, but to also make sure I set you up for success on your big day... and that means "practice" beforehand.

Each engagement session location is chosen specifically with you in mind; what your interests are, where you met and even where you got engaged.

"To live
would be an
awfully big
adventure!"
